

Support for Modern Landfill

October 26, 2021

Residents understand the considerable economic, community benefits

YORK, Pa. (Oct. 26, 2021) – People are talking about Modern Landfill and our proposed expansion in Lower Windsor Township, where supervisors ended negotiations over a new host fee agreement. (CLICK HERE to learn more about our proposal to the Township.)

Residents understand the considerable economic and community benefits the landfill brings – and the stark implications should the landfill close. At current acceptance rates, Modern Landfill only has four years of life remaining.

We appreciate the growing show of support from the community.

From host fees to Lower Windsor Township to tax revenues for our schools and local governments, Modern Landfill is **integral to the local economy**. Modern Landfill's contributions also help Lower Windsor Township **preserve its rural character and agricultural heritage**. And, we cherish the longstanding relationship we have with our neighbors and **support organizations and causes that serve our community**.

At Modern Landfill, we want to remain a valued partner for years to come.

Remind the Township and your neighbors how important Modern Landfill is to this community. Visit Modern Landfill to pick up your yard sign, or call us 717-246-2686 to have one delivered to you, or if you have questions about the expansion.
