

Free & Reliable Trash Service

February 17, 2022

7,000 Lower Windsor Township residents could receive \$750,000 in services

YORK, Pa. (Feb. 17, 2022) – When it comes to handling your recycling and waste needs, Republic Services knows how important safe and dependable curbside pickup and removal services are to you. We strive to meet our customers’ needs day in and day out.

Residents in Windsor and Lower Windsor townships enjoy added benefits.

Modern Landfill, which is owned and operated by industry-leader Republic Services, is located within the two municipalities, with about 70% of its acreage in Windsor Township and 30% in Lower Windsor Township.

As part of its host agreement with Windsor Township, Modern Landfill provides, among other benefits, FREE trash collection and recycling services to more than 17,500 residents there.

As part of a proposed expansion in Lower Windsor Township and revised host agreement with supervisors, that same FREE service would be offered to 7,000 residents there. It’s valued at approximately \$750,000 per year.

Unfortunately, in December 2020, despite years of good-faith efforts to meet Lower Windsor Township’s expectations, the supervisors ended negotiations over the revised host agreement.

The FREE trash collection and recycling services are among the many financial and community benefits that supervisors left on the table.
